AGED MAN DIES

Mr. Larnon Dawson, Former Maysville Resident, Passes Away at His Home in Portsmouth, Ohio.

Word was received here this morning of the death of Mr. Larnon Dawson, a former Maysville resident, at his home in Portsmouth, Ohio. Mr. Dawson had been in rather ill health for some time. His death was due to old age.

Larnon Dawson was born in Maysville in 1831. He spent his entire life in this city up until about 12 years of age when he removed to Portsmouth to live with his children there. He was an employee of the Hall Plow Factory for a great number of years. He was a member of the Sixteenth Kentucky Infantry on the Union side in the Civil War and served with honor during his term of enlistment.

He is survived by four sons—Richard of Portsmouth, Robert and James of this city and Ishmael of Portsmouth; two daughters, Miss Ella Dawson and Mrs. Daniel Gerhold of Portsmouth.

Mr. Dawson is well remembered by a large number of Maysville citizens. The remains will arrive here tomorrow morning for burial.

IS IMPROVING

Mr. James T. Holton of Dover, who has been a patient for ten days at Haywood hospital, suffering from bladder trouble, is recovering. He submitted to a slight operation last week which relieved the condition from which he suffered. It is hoped that no further operation will be necessary.

NOTICE

Barber Shops close at 11 o'clock Saturday night.

Mr. and Mrs. G. W. Taylor of Lawton, Okla., arrived Monday night for a visit to their daughter, Mrs. Isaac Louderback of the West End.

Mrs. Lee B. Gray and Mrs. Ernest Daulton of Cincinnati are visiting Mrs. Anna Williams of Limestone street.

FAIRBANKS, MARSHALL FOLLOW CHIEFS' LEAD

Indianapolis, Ind., November 23.—Charles W. Fairbanks and Thomas R. Marshall, neighbors and political opponents, today exchanged greetings, the Republican candidate for President first sending the following message:

"My Dear Mr. Vice President—I will avail myself of the earliest opportunity since the ascertainment of the California vote to extend to you my cordial personal congratulations upon your re-election as Vice President. My very best wishes go with you always."

Mr. Marshall sent the following reply:

"Dear Mr. Fairbanks—I thank you sincerely for your kind letter of congratulations. As a partisan it is worth much to know that we have won. As a man it is worth more to know that the years of personal friendship have not ended with this campaign and to feel that there are left a few men at least who may differ in politics and yet wish each other well. I rejoice to believe that you have always been of that chosen few. Long life and serene content for you."

Vice President Marshall intends departing for Washington December 2.

CLOCK MOVED

The large clock formerly in front of the Standard Bank on Second street has been moved and is now keeping time in front of the new First-Standard Bank. The clock was missed greatly the two days it was dismantled.

Miss Florence Hoys, who has been the guest of her sister, Mrs. J. F. Barbour, left for her home in Pittsburg this morning.

Miss Florence Wallace of this city, sang in Grand Opera with the Philadelphia Opera Company last night in that city.

Mr. and Mrs. J. C. Newcomb and Miss Louise Newcomb of Ripley are guests of Mr. and Mrs. Clarence Matthews.

GRAND OPENING

Of the Maysville Tobacco Fair and Corn Show Yesterday at Noon at the Liberty Warehouse.

The opening of the Tobacco Fair and Corn Show at the Liberty Warehouse on Commerce street yesterday at noon marked the beginning of one of the greatest attractions ever brought to this city. All was in readiness for the opening at the appointed hour and no display of the products of Maysville and Mason county every looked more attractive than in the various booths and on the stands holding the competitive exhibits. Practically every booth owner in the building had all of his display ready and there was no hurrying backward and forth during the afternoon searching for material with which to decorate booths.

A steady stream of entries kept several men and women busy during the entire forenoon and as a result a large amount of corn, vegetables, fruits, fancy work, pastry, etc., is on exhibition. There was not as much tobacco as was expected by the management as the fall has been very dry, the farmers not being able to strip the same. The corn exhibit is the largest and to an inexperienced eye, all of the entries have the same chance to win the prizes offered. In the vegetable department a number of potatoes are shown, some being very large. Pastry that would tempt an epicure next confronts the visitor while further along are the examples of woman's handiwork.

The baby show will be held this afternoon at 3 o'clock. No previous entry is necessary but at the appointed time a call will be made for those wishing to place their babies in competition. All babies up to the age of 18 months are eligible and a first prize of \$5.00, will be offered for the finest baby, \$2.50 being a second prize.

A ample fire protection is given in the building, the fire-fighting machine Uncle Bob being on hands with Fireman George Duley in charge.

The Booths

Booth No. 1 is occupied with a display by Mr. Sherman Arn, local real estate dealer. It is a model of a house and lot and is very attractive.

The second booth is owned by J. C. Everett & Co. They have on display a number of the articles they sell and also have on exhibition three Rock Island Reds, owned by Mrs. W. H. Newell.

The Mason County Woman's Club occupies the next booth. They will serve lunch from their booth during the fair and sell candies. Their booth is decorated with sprays of Southern Smilax. Mrs. Eugene Merz, Mrs. George Longnecker and Miss Grace Bierbower are in charge of the booth.

A display of the Electric Shop next catches the attention. They have all of the latest electrical appliances on exhibition and will give demonstrations of the same.

Messrs. McIlvain, Knox & Diener have their booth decorated as a living room and a very attractive set of furniture is on display.

The Mint Cola Company and the Hendrickson Paint Store have the possession of the next two booths. All of the products of the former are arranged attractively while the latter shows all of the late designs in wall paper.

Mr. Larry Langfels, the plumber, shows a very interesting display. A bath room has been fitted out and one of the electrical generating plants being introduced by him is also on display.

The Squires-Brady Co. have on exhibition a number of the articles for sale by their store.

The display of DeNuzie is one of the most interesting in the building. The booth has been made into a room and therein is shown practically all of the articles on sale in that popular bookstore.

The next two booths are occupied by the First Baptist Church. On the sides of the booths are hanging attractive posters telling of the work of the Baptist Church during the past year. Lunch is sold from the booth.

The display of the Maysville Ice Company occupies the next booth. Barkley's Shoe Store showed the latest styles in shoes.

From the booth of Geisel & Conrad soup and mince meat was served by the representative of one of the largest companies putting out canned goods. The booth was attractively decorated.

Murray & Thomas showed some

FIRE AT HOME OF W. D. FRAZEE

(Dover News)

While Mr. W. D. Frazee was lighting a gasoline stove at his home on Market street, Tuesday morning, leaking gasoline became ignited and caused a dangerous blaze which threatened the complete destruction of the house.

Mr. Frazee was in the kitchen, cut off from escape by the flames which filled the room. He managed to raise a window through which he jumped to safety. His clothes, hair and mustache were badly scorched and his hands and arms severely burned, but the burns were not deep and will not prove serious.

Water was handy, the pump being on the enclosed porch next to the kitchen, and was dashed into the room and the blaze extinguished before the arrival of the chemical engine, which was rushed to the scene in a few minutes after the alarm was given.

The door, furniture and wall paper were badly scorched and scarred, and everything in the room damaged. The loss will be about fifty dollars, insured in the Henry Clay Insurance Company, of Lexington.

INTERESTING MEETING

At the High School this afternoon the Parent-Teacher Association of that building will give an entertainment. The program will begin promptly at 3 o'clock. The program follows:

SETTLED LONG AGO

The so-called "experiment" by a number of men and women partaking of a restricted diet, during a certain period of time, to prove an economic proposition, is without the merit of originality.

The Health Department of the Windy City, under the auspices of which the plan has started, is taking advantage of opportunity to advertise itself to the world.

That which these officials are seeking to prove, through the medium of so-called "heroic individuals," is known to hundreds of thousands of our people by individual experience.

The modern housewife is settling these things for herself.

The Consumers' League of Cincinnati has beaten the Health Board of Chicago to the same thing.

The fact is settled that one is better mentally and physically after partaking daily of only a few well-chosen foodstuffs than if he ate without discrimination.

The Cincinnati Board of Health, acting for the city of Cincinnati, has told of these matters many times in its bulletins.

Therefore, the spectacle of a little group of men and women cutting down their rations in Chicago in the name of science is laughable under the circumstances.

The American people, as they do many things, eat too much. They gulp down without reason. Apparently, while thus occupied, they have no concern for the present or the future.

If one of the big mogul locomotives were fired up as carelessly as the average man tends to his meals, said locomotive, which pulls a hundred loaded cars, when properly cared for, would not move an inch.

If the old-fashioned child consumed food in proportion to his

ignorance, as the average modern man and woman performs that function for themselves, that child of other days would have been scheduled for a good thrashing by its good old-fashioned mother.

The modern menu is a matter of wonderment and solicitude by the citizen who knows better. The model eater partakes only of necessary food, and then not until the sense of hunger dictates.

The leading American newspapers devote columns daily from skilled writers, advising their readers how to preserve their health because the wealth and power of a nation depends in proportion upon the health of that nation. A good healthy citizen is a more valuable asset than a citizen not thus blessed.

The rules of health are so simple that ignorance of them is a commitment of a crime unto one's self.

The citizen who knows how to breathe to the best advantage, how to eat to produce the best results, how to drink water to further vitalize the inner functions, has a great advantage over the citizen who closes his eyes and ears to the advantage of the better way.

In time our public schools will provide demonstrations for the maintaining of health and the prolonging of human life in the daily course of study. Meanwhile, the city of Cincinnati long since solved the problems that the Board of Health in Chicago evidently considers an entirely new matter.

The results of the food tests in Chicago are discounted so far as Cincinnati is concerned.—Commercial Tribune.

TWO CONCEPTIONS OF THE PRESIDENCY; TWO WAYS OF MAKING A CABINET

On the fifteenth day of March, 1913, Mr. William Cox Redfield, Secretary of Commerce, exhibited to the members of the Brooklyn Union League Club this highly colored chromolithograph of the Cabinet of which he had become a member:

"I need not describe our Chief Executive; many of you have seen him and heard him speak; yet I should not speak the whole truth if it were left unsaid that his personal power and the weight of his high character are increasingly acknowledged by his councillors." * * * Leaving myself out of account he has gathered about him with uncommon skill a group of men on whose patriotism and sincere high purpose the country may safely depend."

Since that picture was painted by Mr. Redfield the Wilson Cabinet has gained by the loss of Bryan and the coming of Lansing; it has lost by the departure of Garrison and the advent of the astonishing Angel Child; Josephus is still a heavy liability, and the rest of the councillors, good, bad and indifferent, average as before. On the whole it is probably the weakest Cabinet in the long history of our Government.—New York Sun.

Congressman Adamson now arises to remarks that railroad heads and railroad employees "both forget that they are servants of the public." Didn't dare say that during the campaign!—Commercial Tribune.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F. CLOYD, 1355 North Gulick Ave., Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound. Free confidential advice had by addressing Lydia E. Pinkham Medicine Co., Lynn, Mass.

Webb the unofficial opinion was voiced that the Secretary of States would not certify to the returns for the state unless the vote of every precinct was found correct in the official canvass.

No Credence From Rowell
Fresno, Cal., November 22—Chester H. Rowell, chairman of the Republican State Central Committee, in a statement tonight said:

"Whether there are such irregularities in the returns to justify proceedings in the court is a matter which the state committee will have to determine after consultation with Chairman Willcox and the National Committee in New York. Certainly the insignificant errors in two precincts, discovered by Secretary of States Jordan would not justify him, as an administrative officer, in permanently withholding the certificates of election of the California electors and thereby depriving California of its vote in the electoral college. Such a proposition is too ridiculous to discuss."

COUNT QUESTION

California Secretary of States Calls For Correction in Two Counties.

Sacramento, Cal., November 22—Secretary of State Jordan predicted today that unless certain mistakes and omissions discovered in returns from Yuba and Orange Counties are corrected, he will withhold certificates of election to Presidential electors. Should this be done it would create delay, if not a serious situation, possibly even affecting the re-election of President Wilson, as his election depends on California's electoral votes.

Following is the statement issued by Jordan concerning the situation:
"Under the provisions of section 1313 of the Political Code, it is the duty of the Secretary of State to compare and estimate the votes given for electors. Such comparison and estimate is to be made as soon as returns are received from all the counties in the State.

"In Marinville precinct No. 3, twelve Democratic electors are credited with 96 votes each, but the votes received by Loren A. Handley, Democratic elector, have not been credited because the election clerks failed to include the vote in their returns to the supervisors, the supervisors could not ascertain such vote and therefore the county clerk was unable to include it in the returns to this office. The returns from this county are incomplete.
"In the County of Orange a more glaring case of disfranchisement is presented. All the voters of Orange-thorpe precinct have been denied an expression of their wishes as indicated by their votes. Because the tally lists are in the sealed envelopes containing the ballots the Board of Supervisors could not ascertain the vote in that precinct and the returns certified to this office are not complete because of such omission.

"If these mistakes are not corrected, if these partial returns are to be accepted, if the will of the voters of these precincts is to be disregarded, even the vote of one elector, why can no other mistakes be permitted to occur in other counties and precincts and thus the will of the voters be thwarted and confusion result?

"It is the duty of the Democratic and Republican State Central committees to take immediate steps to have these mistakes corrected even if the aid of the courts must be invoked otherwise the Secretary of State may deem it his duty to withhold certificates of election to presidential electors in order that an evil precedent may not be established."

In order to straighten the legal tangle that has arisen over the election returns from Yuba and Orange Counties, the Superior Court of those counties ordered the ballot boxes reopened and the count rendered complete.

There Are Only Two Ways

There are only two ways in which you can become fully familiar with and truly appreciative of a great artist's voice—or instrumental performances.

The first way is to hear him sing—or play.

The second way is to hear the Re-creation of his voice—or instrumental performance—on the New Edison.

No talking machine is sufficiently realistic in its reproduction of an artist's performance to give you a true conception.

The New Edison is not a Talking Machine

It differs from any and all talking machines in that talking machines give but a hollow imitation of an artist while the New Edison literally Re-creates the artist's performance.

Great artists have stood beside the New Edison and have sung—or played—in direct comparison with it.

More than 200,000 music lovers have seen and heard these comparisons and have been utterly unable to distinguish the living artist's performance from Edison's Re-Creation of that performance.

More than two hundred of America's leading newspapers concede freely in their own columns that the New Edison Re-cre-

ates music so perfectly that the Re-Creation cannot be distinguished from the original.

The New York Globe refers to the New Edison as "the phonograph with a soul." The New York Tribune says, "Edison has snared the soul of music."

YOU DO NOT NEED IMAGINATION

With the New Edison in your home you do not have to imagine what an artist's voice sounds like. When you play an Edison Re-Creation of that artist's voice you know exactly how the artist's voice would sound if you heard it in real life.

Visit Our Store

We want you to hear "the phonograph with a soul."

We want you to hear the Re-created voices of Emmy Destinn, Margarete Matzenauer, Marie Rappold, Anna Case, Julia Heinrich, Alice Verlet, Lucrezia Bori, Zena-tello, Anselmi, Middleton, Orlus, Goritz, and Chalmers.

We want you to hear the Re-Creation of the masterly bowing of Albert Spalding and Carl Flesch.

We want you to hear the Re-Creation of every kind of musical instrument.

There is no obligation to buy. We merely want you to come and hear and be convinced that "Edison has snared the soul of music," just as the New York Tribune says.

EDISON RECITAL

AND DEALERS MEETING IN ST. LOUIS—ONE OF THE GREAT EVENTS OF CLOSING OF EDISON WEEK.

Interesting Addresses Made at Gathering and Luncheon at Majestic Hotel—Some Interesting Addresses.

St. Louis, Mo., November 5.—The Anna Case tone test recital and dealers' meeting held by The Silverstone Music Co., as a finale of the Edison Week observance proved to be a most enjoyable and profitable affair. The day began with an address of welcome by Mark Silverstone, and next came a personal message from Mr. Edison, delivered through E. C. Boykin. V. E. B. Fuller, also from the laboratory, delivered a talk on tone tests, which included some extremely practical advice for dealers who are contemplating this feature. This was followed by a general discussion, in which Mr. Silverstone got most of those present to participate. A luncheon was served at the Majestic Hotel, and it was arranged that no time was lost from business there.

At 2 p. m. the session again convened, and Mr. Silverstone talked on "Salesmanship." J. E. Marks, of Marks, Weber & Co., Edwardsville, Ill., talked on "My Experience with the Edison." The discussion was cut off just in time for the dealers to go to the Columbia, a high-class vaudeville house, where Mayo & Tally were including a tone test in their act. Then the dealers were given a rest until 6.10, when they met at the Elks' Club for a banquet. This lasted until they all went to The Victoria Theater, where the tone test recital was held. As has been the case with the other tone tests, the fire department finally closed the doors because the 2,500 permitted in the house were already there and scores were turned away.

Mr. Silverstone was master of ceremonies at the tone test and opened the program with a graceful tribute to Mr. Edison, which was several times interrupted with applause. The tone test with Miss Case was perhaps the most successful of any held here. She was in good voice and entered into the spirit of the occasion. She alternated with the machine as the occasion offered, and in "The Song of India" the lights were turned out and were turned on to show that she had left and none knew when she had stopped singing. The test was successful, too, in interesting the newspaper critics, and fine comment was obtained from each of the five leading dailies, some of them signed by the critics. That by Homer Moore, of the Republican, who is widely known as a critic, says in part:

"Mr. Silverstone is, by these concerts, contributing very largely to the advancement of musical taste and interest in this city. Doubtless many went to the performance last night out of curiosity, but that element soon gave place to genuine enjoyment of the program. The problem of music in the home is solved when the singing of the greatest artists is made possible by an instrument that does not betray itself in the very presence of the artist herself."

Mr. Ed Bryant is confined to his home by a sudden attack of illness.

A MAYSVILLE INQUIRY

Answered By the State of a Maysville Resident.

When first the long series of reports of Maysville people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Maysville is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declare their cures to be lasting.

Frederick Dresel, 1238 E. Second St., Maysville, says: "I was troubled with inflammation of the bladder and an annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back, which interfered with my duties. I got Doan's Kidney Pills at Wood & Son's Drug Store and one box gave me prompt relief."

NO TROUBLE SINCE OVER THREE YEARS LATER, Mr. Dresel said: "I haven't had any kidney trouble since I used Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

REPUBLICAN GOVERNOR IN NEW MEXICO BY 55 VOTES

Phoenix, Ariz., November 22.—With returns from all counties in the state, except Cochise, tonight on the vote for Governor, Campbell, Republican, is elected by a plurality of fifty-five. This result was reached by assuming the plurality of Governor Hunt in Cochise county to be 832, the unofficial figures.

Governor Hunt declared that a contest would be instituted.

TRY THIS ON YOUR SAFE

Brazil, Ind., November 22.—Thomas Thompson, evolved an effective method of stopping bold bandits. He suspended a large sealed bottle of formaldehyde in his safe. When robbers blew the safe open early today the fumes of the formaldehyde drove the burglars away before they had obtained anything.

Maysville Telephone Co. is a Maysville Institution

It was designed and financed and built to serve a local need. It has been in operation many years and has always kept up-to-date. It has been recently rebuilt—inside and outside—and is in better position to serve its patrons than Company's in cities many times larger than Maysville. Our equipment is new and we connect with both of the Long-distance Companies. It is managed and operated by local people whose object is to give the best possible service at rates as low as is consistent with a fair return on the investment. It deserves your patronage—it deserves your support.

The Woman's Home Missionary Society of Scott M. E. Church will meet at the parsonage on East Fifth street this afternoon at 3 o'clock. Business of importance and full attendance requested. Mrs. A. G. Hammond, hostess.

The C. G. M. of Congo River Tabernacle Lodge No. 80 will be with us Saturday night, November 25. All members are urged to be present to hear the good things that he has to tell us.

MRS. ALICE LANE, V. H. P.

Burns Chapter No. 31 O. E. S. will give a supper tonight at the home of Mrs. Florence Harrison on Fifth street. There will be plenty of chicken pie, oyster soup and other eatables of the season. Come one, come all. Proceeds for benefit of parafanalia.

The Teachers' Training and Bible Study classes organized at Scott M. E. Church, start out with splendid promise. A large attendance was present at the initial meeting. Dr. Hammond is the teacher. Study begins at 6:30 p. m. Friday and continues one hour. Bible students and others who are interested are invited.

Thanksgiving services are being planned for Scott M. E. Church. The usual Thanksgiving sermon will be preached by the pastor, services beginning at 11 o'clock a. m. A splendid entertainment will be held in the evening. Supper will be served by Mesdames Hammond, Lockridge, Harris, Emma Taylor, N. Lightfoot and Miss Fannie Bradford.

GRAND OPENING

(Continued from first page.)

specimens of their handwork in marble cutting and tiling.

A wondrous display of candles greets one in the next booth. It is the display of F. H. Traxel & Co. and shows the products of their store arranged very attractively.

Heehinger & Co.'s display occupies the next booth. Their display is very interesting and will easily catch the attention of any man in the house.

Several of the plows manufactured by the Kain & White's Blacksmith Shop are shown in the next booth.

D. Hunt & Son have the display in the next booth and have several beautiful gowns attractively arranged.

Collins & Disher of Mayslick display two automobiles and a large truck.

Kirk Bros. have two autos on display and also a large amount of automobile accessories.

The display of the Reynolds Tobacco Co. is certainly worth the time of anyone to stop and notice. They show all of the various brands of tobacco and cigarettes they manufacture and all of it is arranged very neatly.

The Maysville Overland Co. has its booth surrounded by a large number of beautiful plants. On the interior of the booth are two large autos of the Overland make.

Keith & Stephenson had two very attractive cars in their booth.

The next booth is occupied by the Haynes Motor Co.

The display of the Remington Typewriter Co. shows models of the machines manufactured by that company.

Merz Bros. show some of the many articles sold in their store, all attractively displayed.

"Made in Maysville" is the slogan of the Gibson Garment Co., occupying the next booth. They show all of the articles manufactured by them and have on sale small aprons. The proceeds of this sale go to the Mason County Health League.

Madame Irene, the palmist, occupies the next booth.

A canned goods display by the I. N. Wood & Son Grocery is next in line.

Probably one of the most interesting displays in the entire building is that of the January & Wood Company. They show all of the articles manufactured by them from raw cotton and all is arranged to its best advantage. They are also showing several of the flynets manufactured by the new Fly Net Co. in this city. They have the box that contained the dyes from the German Submarine Deutschland.

R. and W. Rasp, tanners, demonstrate the Low Cost Gas Furnace.

The display of the Racket Store in the following booth is well arranged.

The State National Bank and the State Trust Co. have a very interesting display of the money of the United States. A large number of the new dimes are being shown at this booth.

The M. C. Russell Co. is attracting a large number of persons by their contests conducted from the next booth. Guessing as to the number of straws in a broom, the number of seeds in jars, and the number of beaten biscuits that can be made from a barrel of Jefferson Flour, etc., are the things to be guessed upon.

The winners will be announced at a later date.

The Mason County Health League is selling candy, fancy work, etc. They have a large amount of candy for sale that was donated to them by the Elite Confectionary. They also have a "pot" for dropping pennies into which will go toward eradicating tuberculosis.

The Hayswood Hospital has a very interesting display.

Leonard & Lalley occupy the next booth and demonstrate a gas furnace.

The Maysville Tea and Coffee Company make coffee and the same is being sold by the City Mission. Candy made by the girls of the Settlement Club is on sale from this booth.

The Indian Motor Cycle Co. show the various articles for sale by them.

The last booth is occupied by the J. T. Kackley Book Store. The decoration is carried out with the Bluebirds, the bird of happiness. The Edison Talking machines are also given a prominent place.

NOTES

The Mardi Gras Masque Parade of the Tobacco and Corn Fair has been officially declared off by the committee. This action was deemed best as it was thought the crowds might become unruly.

A large crowd was present for the first night and all were greatly pleased with the displays.

Of the forty-six decorated booths, we are positive that about forty-four wanted "special" write ups.

An attraction which was not scheduled, but drew much applause, was young David Langfels. Ask Larry about it.

Savvy's Trained bull dogs were not exhibited last night owing to the

fact that the attraction missed train connection.

The large painting of the camel in the booth of the R. J. Reynolds Tobacco Co. is the work of our own local sign writer and artist, R. C. Nash.

Messrs. Frank Breeze and Sam McGlone are acting as special police officers at the warehouse and the management assures good order at all times.

Lucaty and Costello, wizards of the violin and accordion, made their first appearance last night and that they pleased was evidenced by the generous applause which they received.

We would suggest to the managers of the fair that they request those having articles to sell should remain in their booths and not be allowed to go over the floor soliciting trade. This proves very embarrassing to visitors at times and we think that those that have been doing this have done it thoughtlessly.

In order to give the tobacco growers an opportunity to take advantage of the season brought by Wednesday night's rain, the management of the Fair has authorized us to state that tobacco samples will be received until tonight. The tobacco entered thus far is being cared for by experts in one of the ante-rooms. No prizes on tobacco will be awarded until Saturday.

Miss Julia Van Arsdale, teacher of the Domestic Science Department of the Maysville High School and Miss Frances Tuggle, formerly girls' training club agent, and Miss Lillian Miriam Noland, teacher of the Benham Station School at Lewisburg, will demonstrate to the women the making of a fireless cooker and every home convenience at the Tobacco and Corn Fair Saturday afternoon at 1 o'clock.
